Thanks Robert and I'll see what we can do. Have a good New Year's.

Mike-

Happy Holidays to you.

When we last spoke we discussed having a meeting in mid-January or possibly later in the month with the chlor-alkali folks. We are looking to complete our use data gathering in the next few weeks. We would really like to meet with folks the **week of 1/9**, if possible. If you are able to get your folks in that week, it would help us push forward with the schedule we are working with as the first part of developing our evaluation scope.

Best,

Robert T. Courtnage
